SIMTANO™, Inc. Supplies Methods to Improve Efficiency and Quality

Knut Oxnevad runs SIMTANO, Inc., an international consulting business specializing in helping companies work smarter based on methods he pioneered before and during his ten years at JPL. His approach is often dubbed the Next Generation Project Management Approach. His clients typically see improvement in efficiency and quality of 15-30 percent. In these times with organizations struggling to do more work with fewer people, such improvements in efficiency and quality can become a matter of survival.

Knut Oxnevad and his company, SIMTANO™, Inc. use the book-keeping services of Accounting Bistro Corporation (a non CPA firm). Debe Gillespie of Accounting Bistro

Corporation enjoys seeing her clients grow their businesses.
